

My name is Arataki Itto

I'm 23 years old

And I'm an Oni.

Most of us are gone now...

Killed or bred out by humans

I'm the only oni I know.
Dunno if I'm the last but...

probably not, right?

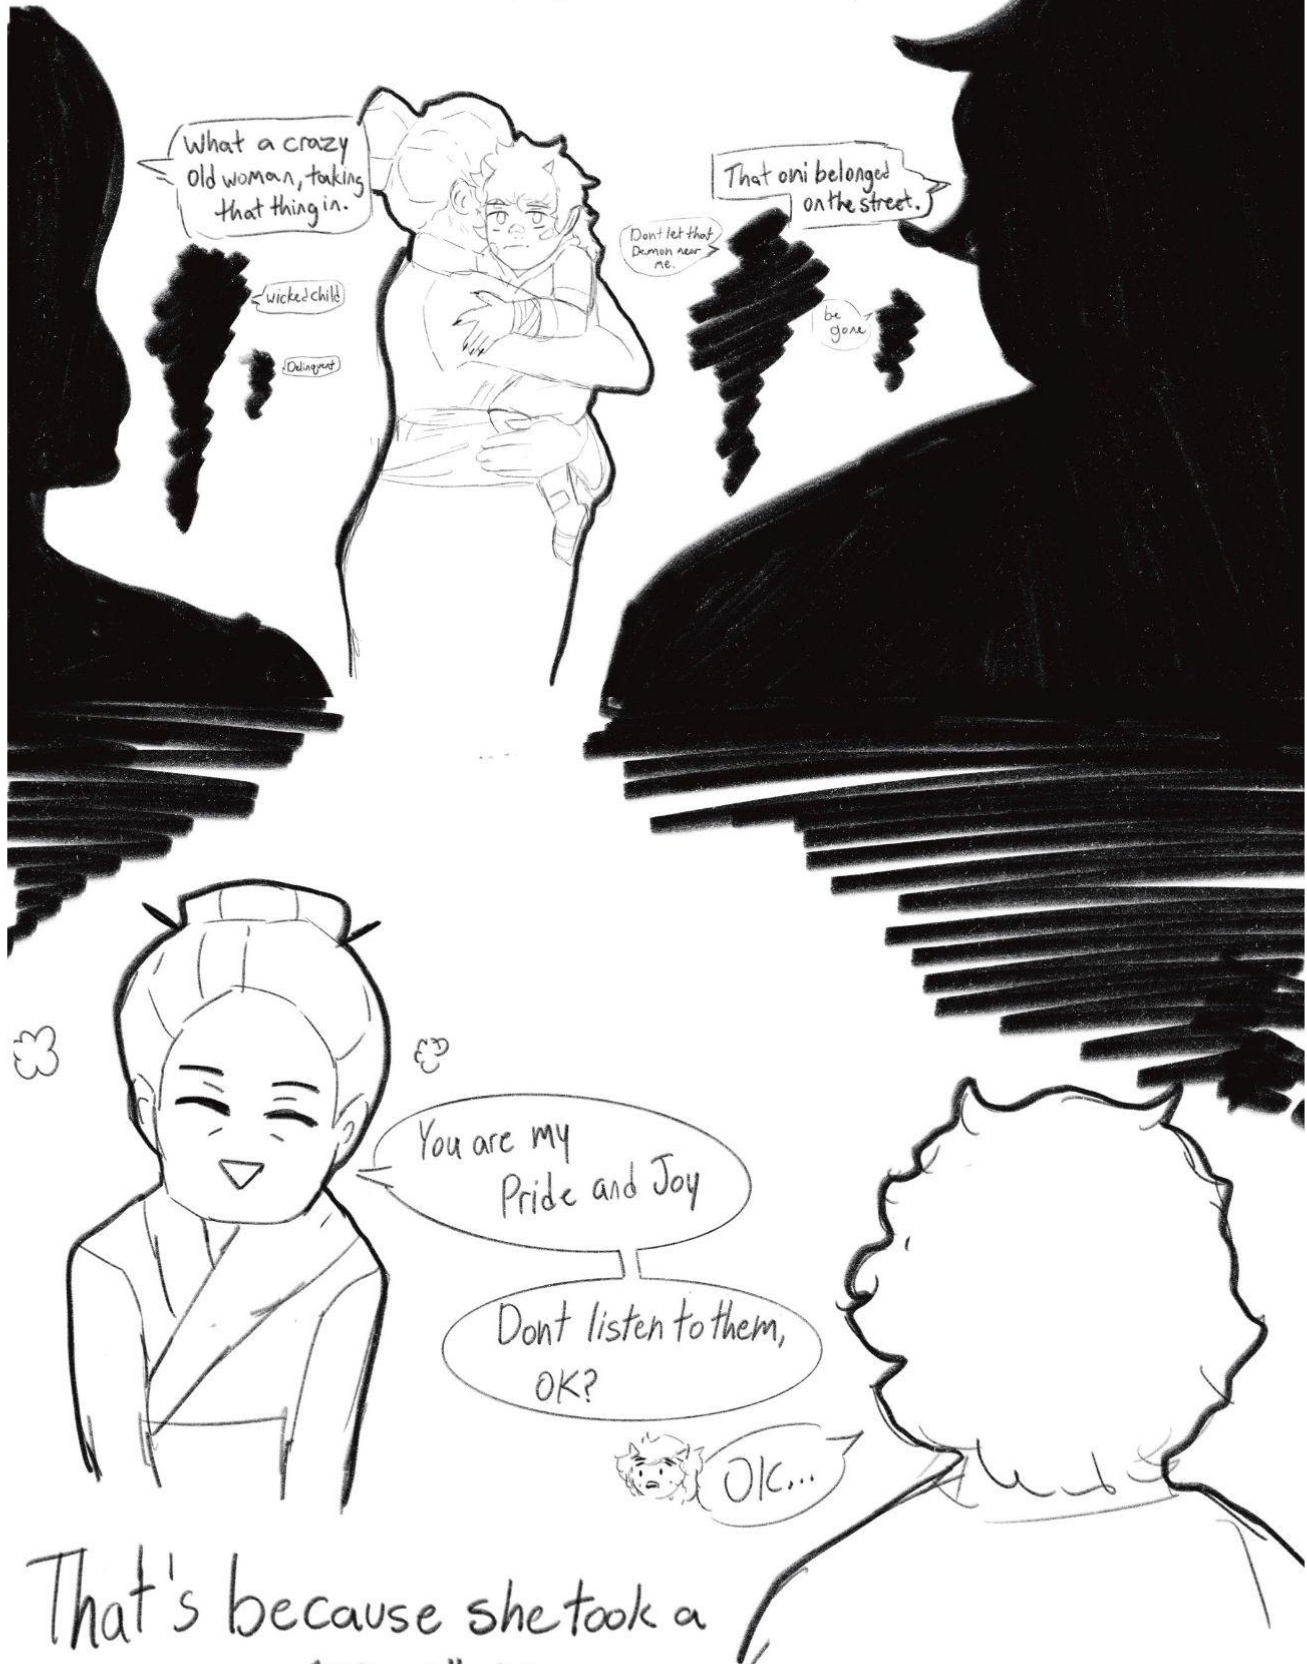

But anyways...
I was adopted off the
streets when I was 10

by the nicest human
who has ever lived

I call her Granny

But humans call her "Granny Oni"

Granny always says that if
you believe in yourself,
you can be anything.

and I
believe...

That I Am Good.
